

# CULLIGAN® SULFUR-CLEER®

Whole-House Water Filter

**EXPERIENCE THE DIFFERENCE** CULLIGAN WATER CAN MAKE.

## SYSTEM BENEFITS

- Reduces rotten egg smell
- Prevents rust stains and/or black spots on laundry and fixtures
- Prevents pipe damage from deposit build up

## Better Water Means Better Living.

The Sulfur-Cleer® was specifically designed to remove two of water's most common problems. **Hydrogen sulfide.** Responsible for that rotten egg smell as well as black spots on laundry and fixtures. **Iron.** Responsible for rust stains on your clothes, fixtures and dishes. Often leaves a metallic aftertaste in drinking water.

Whether you have one or both, the Culligan® exclusive process will filter away these impurities\*. All you are left with is fresh, clean water for bathing, cleaning and washing.

Culligan has effective solutions to these and other water problems you may have. All Culligan filters are customized to handle your specific type of problem water.

*Culligan Water*

\* impurities may not be in your water.

# CULLIGAN® SULFUR-CLEER®

## Product Specifications

### Sulfur-Cleer® System.

The air compressor is key to the aeration process which oxidizes the dissolved iron and hydrogen sulfide. On/off times adjustable to raw water characteristics.

### Customized To Fit Your Life.

A Culligan® electronic timer automatically regulates all cycles - providing customized service for your individual needs. The Sulfur-Cleer® includes a meter and enhanced electronics.

### Bypass The System.

Cul-Flo-Valv® bypass valve allows you to bypass the filter for other uses, such as watering the lawn.

### Worry-Free Water For Everyone.

Guest Cycle™ recharge provides an extra supply of filtered water when there are more people than normal in the home.

### Reliable Valve.

Exclusive, non-corrosive control valve that directs water flow during service and reconditioning. Low friction piston and seal services defy problem water.

### Durable Tank.

Sturdy, filament-wound exterior, and smooth, non-permeable inner tank shell.

### Unique Multi-Layer Filter Media.

The media in the filter tank acts as an insoluble catalyst to enhance the reaction between the oxygen and iron.

### Product Dimensions

UNIT	SERVICE FLOW (GPM)	MEDIA (FT.)	CONTROL VALVE	A	B	C	D	E
SC-10	5	1.5	1"	64"	54"	10.5"	16"	12"

CAUTION: Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system. The contaminants or other substances removed or reduced by this water treatment device are not necessarily in your water. Hydrogen Sulfide claims not currently validated by the State of Wisconsin.
